PUBLIC SERVICE ANNOUNCEMENT

The Ministry of Transport has observed that some vehicle owners are still in possession of the original copies of their registration and insurance documents while the processing of their documents is ongoing at the Ministry.

This is to inform everyone in such category that the processing cannot be completed without the original copies of vehicle registration and insurance documents.

Please proceed to the Ministry of Transport Monday to Friday, 9:00 a.m to 4:00 p.m to drop off your original documents at the Drop Off Desk on the ground floor of the Ministry in order to speed up the registration process. The Ministry is also encouraging all owners of vehicles whose registration processes have been completed and listed on the website www.mot.gov.lr and on the bulletin board to come and pick up their license plates.

The Liberia National Police will shortly commence inspection.
