

## PUBLIC SERVICE ANNOUNCEMENT

January 4<sup>th</sup>, 2021

The Ministry of Transport in collaboration with the Liberia Revenue Authority hereby informs the general public especially owners of vehicles, bicycles and tricycles, that effective January 11<sup>th</sup> 2021, the Ministry will officially launch the issuance of new set of license plates with highly embedded security features.

Vehicle categories and license plate fees remains the same. Minor adjustments in the design of the plates have been made primarily affecting the color coding.

Additionally, a third windshield sticker embedded with the vehicle VIN, make and model, and plate numbers including other details has been developed for issuance to registered vehicles.

Beginning January 11<sup>th</sup>, 2021, owners of vehicle whose license plates have expired or expiring for renewal can process their payments of vehicle registration via **Cash, Mobile Money (by dialing \*156# for MTN or \*144# for Orange), Bank Transfer, VISA Debit Card or LRA dedicated POS Card.**

During the process, taxpayers are also advised to return old plates before the delivery of new plates when registration is complete at the Ministry of Transport. This system is introduced to ensure reduction in the high risks of duplication of vehicle documents and other fraudulent acts that have the propensity to impede vehicle's security, its legitimate ownership identification and undermine Government revenue.

The Government of Liberia, through the Ministry of Transport, therefore encourages the general public to adhere to the new procedure. The new

---

procedure is intended to make vehicle registration easier and accessible and ease the economic constraints normally faced by taxpayers in commuting to Monrovia to register their vehicles. Payment of fees and delivery will be made in every county!
